Carpenter

Description

Our company is looking for a reliable, hardworking Carpenter to complete the finishing touches on trim and cabinetry work for different construction and manufacturing projects. You may work on a variety of projects. Our ideal candidate has an aptitude for precision and can accommodate unique build requirements from clients. We prefer candidates who have prior experience or training in trim carpentry or finish carpentry, but are willing to train a motivated individual who works hard and learns quickly.

Responsibilities

- Perform finish and trim carpentry work according to plans and specifications
- Measure, cut, and install various fixtures and millwork for doors, windows, ceiling panels, staircases, decking, furniture, etc.
- Collaborate with other carpenters, journeymen, and supervisors to complete projects
- Troubleshoot and repair issues with building components and equipment
- Follow established regulations and advocate for safety on each worksite

Requirements and Qualifications

- High school diploma or GED certificate
- Keen attention to detail
- Blueprint reading skills
- Able to use common hand tools and power tools
- PPE and carpentry trade tools
- Troubleshooting and communication skills
- Physical stamina for lifting equipment and working at various heights and in tight spaces
